

# Summer Enrichment 2017

## REGISTRATION INSTRUCTIONS

Please review this packet for details on camp offerings. Registrations will be accepted online beginning **March 7, 2017 at 6 a.m.**

- **NEW: A \$10.00 CANCELLATION FEE per camp will be charged for ALL camps that are cancelled, regardless of the cancellation date.**

Registrations will be accepted for students living in the Cumberland Valley School District beginning on March 7th. Beginning on March 21st, students living outside the CV District can register for camps with availability.

Programs are being offered with age appropriate activities for children who will be enrolled in grades 1-12 during the 2017-2018 school year.

**Registration is by grade entering as of August 2017.**

This pamphlet describes the hands-on enrichment camps. In addition, the Foundation will fund programs like the Reading and Math Booster Program and Buddy Program that are being offered by invitation for students with specific needs.

Class cost for most camps: \$55.00 per class

- \* Hands On/Minds On Science Camp is \$65.00 per child
- \* Art Extravaganza Camp is \$110.00 per child
- \* Bricks4Kidz Camps are \$125.00 per child
- \* Discover Scuba Camp is \$130.00 per child

- ❖ **Online registration fees** will be charged (5.95%) in addition to the class cost.
- ❖ Remember to keep a record of all classes for which you have registered your children. (Confirmations will be sent by email only.)
- ❖ There is a **\$10 administrative fee** for each **cancelled camp** regardless of the cancellation date.
- ❖ **Refunds cannot be granted for cancellations** within (4) weeks of the camp starting date.
- ❖ All camps have a minimum and maximum number of participants. Space is reserved on a first-come, first-serve basis. Register early for the best camp selection. Wait lists are established after camps have been filled.
- ❖ **Wait lists** will be managed through group emails. All students on the given wait list will be sent an email to notify the group of any cancellations. Openings will be filled on a first-come, first-served basis determined by the email response dates/times.
- ❖ Students who are registered for paired camps will have a supervised one-hour lunch break including a 30-minute outdoor recess.
- ❖ The Foundation reserves the right to cancel a camp if the number of participants is not reached or for any other logistical reason. If the Foundation cancels a camp, the registration fees will be refunded.
- ❖ Pre-registration for all camps is required and should be done at least one week prior to the camp start date.
- ❖ **Scholarships are available to those who can demonstrate financial need.** Please forward a letter or email to [bgabrielson@cvschools.org](mailto:bgabrielson@cvschools.org) explaining your need and assistance you are currently receiving.
- ❖ **Students should not be dropped off earlier than 10 minutes prior to the class starting time and must be picked up within 10 minutes after the camp concludes. Earlier drop-offs or later pick-ups will not be allowed.**
- ❖ Questions can be directed to the Foundation office at 717-506-3383.

---

The Eagle Foundation is grateful for our camp sponsors. Contributions like theirs make our camp offerings possible. THANK YOU!!

## --- Camp Pairings ---

(morning and afternoon with a supervised lunch/outside time):

### June 12 - 15

Sewing Camp & Cooking Camp (A)

Get Fit While Playing (A) & Design & Test Physical Models with K'Nex (A)

Chess & Minecraft (3-6)

### June 19 - 22

Math 24 (A) & FOSS Science

Chess & Minecraft (6-9)

Lego Camp Builders and Creators (3-6) & Edible Art

### June 26 - 29

Math 24 (B) & Introduction to Makerspaces

Lego Camp Builders and Creators (1-3) & Crafts for Kids

### July 10 - 13

Math Camp & Mystery Camp (paired grades 2-3 only)

Get Fit While Playing (B) & Design & Test Physical Models with K'Nex (B)

### July 17 - 19

Debate Clinic & Speech Clinic

### July 24 - 27

Mindfulness & Bricks4Kidz Robotics Girls Camp

### July 31 - August 3

Coding Camp & Lights! Camera! Action! Movie Making Camp

# **--- 2017 Camp Descriptions ---**

## **ART EXTRAVAGANZA: Grades 2-4**

Instructor: Susan Lutz

Location: Hampden Elementary Art Room

**Registration for this camp is \$110**

This year Art Extravaganza Camps will include two fun filled weeks of age appropriate art projects and activities designed to engage and challenge your budding artist. Campers will explore many art mediums while using various sculpting, painting, and drawing techniques. During the first week of camp there will be a heavy emphasis on the use of clay. This is a **TWO WEEK CAMP with one week off in between**. This week off will allow for proper drying of the clay projects. **IT IS VERY IMPORTANT THAT THE CAMPERS BE ABLE TO ATTEND BOTH WEEKS OF CAMP.** If they can't then they will not be able to finish all of their projects. This class combines the fun aspect of learning to use a variety of art supplies while developing creative thinking and problem solving skills.

**CAMP DATES: June 12-15 and June 26-29**

---

## **ART EXTRAVAGANZA: Grades 5-8**

Instructor: Susan Lutz

Location: Hampden Elementary Art Room

**Registration for this camp is \$110**

**CAMP DATES: June 12-15 and June 26-29**

---

## **BRICKS4KIDZ LEGO ROBOTICS CAMP: Grades 6-9**

Instructor: Doug Fitzgerald

Location: High School Room 137

**Registration for this camp is \$125**

Bricks4Kidz® LEGO® Robotics Camp, students will use the LEGO® Mindstorms EV3 to design and build multiple educational models including motorized machines, they develop problem solving and critical thinking skills through creativity, and they apply math & science to real world situations while exploring architecture and engineering concepts. Students will use fun-filled model plans designed by

architects and engineers that reinforce S.T.E.A.M. (Science, Technology, Engineering, Architecture, & Math) based principles using LEGO® bricks. Campers will be tasked with adding icon based programming to our models. Campers can see the icon picture and understand what the function of that icon is easily, making it a good way to introduce the concept of building a complex set of rules for a robot/model to follow. The goal between the building and programming is to demonstrate cause and effect - how the campers can influence an outcome in the real world with their creation....virtual meets physical world.

---

### **BRICKS4KIDZ LEGO ROBOTICS GIRLS CAMP: Grades 6-12**

Instructor: Doug Fitzgerald

Location: High School Room 137

**Registration for this camp is \$125**

---

### **BRICKS4KIDZ S.T.E.A.M. LEGO CAMP: Grades 1-6**

Instructor: Doug Fitzgerald

Location: Green Ridge Art Room

**Registration for this camp is \$125**

Exercise your child's curiosity and creativity this summer with Bricks4Kidz®. Each day campers will collaborate and build incredible motorized LEGO® models using our fun and challenging model plans. Each model provides a challenging and engaging platform that reinforces S.T.E.M. based principles and learning with LEGO® bricks. Campers will be challenged with new themes each day; bringing their virtual designs to life by creating all new custom motorized models, playing games and completing challenges, and building remote-controlled custom contraptions. Bricks4Kidz® camps keep the pace fast and varied with guided STEM-based projects along with time for creative learning with over 80lbs of LEGO® bricks. Bricks4Kidz kids are always having fun!

---

### **CHESS CAMPS A and B: Grades 3-9**

Instructor: Jason Baker

Location: Silver Spring Elementary

**Registration for this camp is \$55**

Are you ready to take command of your army and show the world your chess skills? Students will learn about the pieces, basic tactics and basic opening strategies. The hour will consist of both lessons and practice time. All levels are welcome.

---

### **CODING CAMP: BEYOND AN HOUR OF CODE: Grades 3-6**

Instructor: David Echelmeier

Location: Green Ridge IMC

**Registration for this camp is \$55**

This camp will provide an introduction to computer science and computer programming. No previous experience is necessary, and computers will be provided. Campers will have the opportunity to create their own projects, work together in teams, and develop critical thinking skills. Most importantly, they will get a fun introduction into the world of computer science!

---

### **COOKING CAMPS A and B: Grades 3-6**

Instructor: Jeremy Hayman

Location: Eagle View FACS Room

**Registration for this camp is \$55**

Cooking camp is a great place to learn your way around the kitchen! Students will learn the basics of kitchen safety and how to prepare a variety of foods for the whole family to enjoy! Students will cook and eat various foods each day of camp. (We will be preparing the same foods in each session of Cooking A and B.)

---

### **CRAFTS FOR KIDS: Grades 1-3**

Instructor: Leslie Burns

Location: Silver Spring Art Room

**Registration for this camp is \$55**

Do you like doing craft projects? Do you like being creative? If so, "Crafts and Kids" is the class for you. We will work with beads, paint, clay and more! You don't need to be an artist to be creative - sign up and give it a try.

---

### **DEBATE CLINIC: Grades 6-12**

Instructor: Vince Phillips

Location: High School Room 267

**Registration for this camp is \$55**

Sponsored by:

Kevin Noonan

Memorial Fund

This camp helps students to better their presentation skills by helping them think through arguments on both sides of issues and gives them tools to effectively communicate them. It's time to Argue With Style!

---

### **DESIGN & TEST PHYSICAL MODELS WITH K'NEX (A): Grades 3-6**

Instructor: Matt Shafer

Location: Hampden Elementary

**Registration for this camp is \$55**

The camp will engage students in the design and construction of conceptual and physical models. Students will manipulate K'Nex in the construction process while learning about simple machines. The children will also use their science process skills of observation, communication, organization and collaboration with peers during the camp. The camp activities will be the same as last year's K'Nex camp.

---

### **DESIGN & TEST PHYSICAL MODELS WITH K'NEX (B): Grades 3-6**

Instructor: John Silfee

Location: Green Ridge Elementary

**Registration for this camp is \$55**

The camp will engage students in the design and construction of conceptual and physical models. Students will manipulate K'Nex in the construction process while learning about simple machines. The children will also use their science process skills of observation, communication, organization and collaboration with peers during the camp. The camp activities will be the same as last year's K'Nex camp.

---

### **DISCOVER SCUBA: Grades 6-12**

Instructor: West Shore Scuba

Location: CV High School Pool

**Registration for this camp is \$130**

Students will learn how to correctly put on and adjust their equipment, control their breathing and get accustomed to being underwater and using their scuba equipment. They will put their new found skills to use while performing "Aqua Missions" underwater. In addition to their water time, the students will continue their learning out of the pool and will discuss conservation and marine biology. The only items that you need to bring with you for your Discover Scuba experience are a bathing suit, a towel, and a release form.

---

### **EDIBLE ART: Grades 3-6**

Instructor: Leslie Burns

Location: Silver Spring Art Room

**Registration for this camp is \$55**

Did you know that cooking and art go hand-in-hand? Both concepts will take place at our camp daily. We'll learn how to cook simple items and make them into art masterpieces. Our food will look so good you might not want to eat it!

Please note: If your child has food allergies, he/she may be limited with camp activities or sampling the prepared items.

---

### **FOSS SCIENCE MIXTURES & SOLUTIONS: Grades 3-6**

Instructor: Matt Shafer

Location: Hampden Elementary

**Registration for this camp is \$55**

The FOSS Science Mixtures and Solutions Unit focuses on basic chemistry concepts. Students will learn the basic concepts of experimentation and will have the opportunity to explore various materials. Students will learn how simple household chemicals react with one another. This camp will provide your child with numerous collaborative group activities and experiments to explore. The camp activities will be the same as last year's FOSS Science camp.

---

### **GET FIT WHILE PLAYING (A): Grades 3-6**

Instructor: Paul Leidigh

Location: Hampden Elementary

**Registration for this camp is \$55**

Sponsored by:

Gilbert

Physical Therapy

Do you want to have fun this summer, but do not have many friends that live nearby to play with? Well sign up for Get Fit While Playing. This camp will offer many of your favorite games with many of your friends and some new ones. We will be playing games that will keep you fit over the summer and help you be the best teammate you can be to rise to a victory.

---

### **GET FIT WHILE PLAYING (B): Grades 3-6**

Instructor: John Silfee

Location: Green Ridge Elementary

**Registration for this camp is \$55**

Sponsored by:

Geisinger

Holy Spirit

Do you want to have fun this summer, but do not have many friends that live nearby to play with? Well sign up for Get Fit While Playing. This camp will offer many of your favorite games with many of your friends and some new ones. We will be playing games that will keep you fit over the summer and help you be the best teammate you can be to rise to a victory.

---

### **HANDS ON/MINDS ON SCIENCE CAMP: Grades 3-6**

Instructor: Dustin LeBlanc

Location: Hampden Elementary

**Registration for this camp is \$65**

Sponsored by:

Kevin Noonan

Memorial Fund

Come join the Hands-On/Minds-On Science Camp and take part in lots of hands-on and inquiry based science experiments and opportunities! Each day students will rotate through and actively participate in lessons designed around different strands of science, such as Earth Science, Air and Space Science, Physical Science, Life Science, and STEM.

---

### **INTRODUCTION TO MAKERSPACES: Grades 3-6**

Instructor: Paul Leidigh

Location: Hampden Elementary

**Registration for this camp is \$55**

Do you like creating? Solving problems? This camp is for you then. We will be using the Engineering Design Process to explore and solve challenges. Our building sessions will include some high-tech tools like Little Bits and Dash Robots while others will be low-tech. We will use cardboard, pipe cleaners, craft sticks to conquer different challenges and bring your creativity to life.

---

### **JUNIOR THEATRE CAMPS A and B: Grades 4-7**

Instructor: David Mihan

Location: High School Performing Arts Center

**Registration for this camp is \$55**

Junior Shakespeare Theatre camp students will engage in the entire theatrical process of one of William Shakespeare's famous plays. This process will include auditions, exercises in dramatic presentation, an extensive rehearsal schedule, associated historical and cultural learnings, costuming and more. The week concludes with a parent performance in the CVHS Performing Arts Center.

**\*There will be a lunch break so bring your own lunch.**

---

### **LEGO CAMP BUILDERS AND CREATORS: Grades 1-3**

Instructor: Leslie Burns

Location: Silver Spring Music Room

**Registration for this camp is \$55**

This camp will engage students in fun LEGO activities. Students will have the chance to be creative and build different LEGO projects. Students will have a different theme to work with each day and will collaborate with peers to brainstorm, communicate and work as a team throughout the camp.

---

### **LEGO CAMP BUILDERS AND CREATORS: Grades 3-6**

Instructor: Leslie Burns

Location: Silver Spring Music Room

**Registration for this camp is \$55**

This camp will engage students in fun LEGO activities. Students will have the chance to be creative and build different LEGO projects. Students will have a different theme to work with each day and will collaborate with peers to brainstorm, communicate and work as a team throughout the camp.

---

### **LIGHTS! CAMERA! ACTION! MOVIE MAKING CAMP: Grades 3-6**

Instructor: David Echelmeier

Location: Green Ridge IMC

**Registration for this camp is \$55**

How would you like to film, edit, and produce movies? This camp will provide an introduction to filming techniques and video production. No previous experience is necessary, and computers and cameras will be provided. Campers will have the opportunity to work in teams and create their own movie projects using the latest technology equipment! Part of the fun of this camp will be watching and sharing videos with one another!

---

### **MATH CAMP: Grades 2-6**

Instructor: Susan Deakin

Location: Shaull Elementary

**Registration for this camp is \$55**

Sponsored by:

Kevin Noonan  
Memorial Fund

Math as never before - active hands-on math activities. Children will be involved in practical applications of math skills that are fun for your child. Students will be divided into two groups (2nd-3rd graders and 4th-6th graders.)

---

### **MATH 24 CAMPS A and B: Grades 4-6**

Instructor: Paul Leidigh

Location: Hampden Elementary

**Registration for this camp is \$55**

Sponsored by:

Kakaria  
Ophthalmology

Welcome to Math 24, a fast-paced world of mathematics. The object of the game is simple - use 4 numbers once to either add, subtract, multiply or divide and get the target of 24. Do all of this before the other 3 people in your group and you win the card. Cumberland Valley and CAIU hold tournaments each year for 4th and 5th graders to show their talents. Join this club to either get into the addicting game or keep your skills sharp.

---

### **MINDFULNESS: Grades 6-12**

Instructor: David Mihan

Location: High School Room 294

**Registration for this camp is \$55**

Secondary students will have the opportunity to learn invaluable stress management practices. Activities offered in this camp will include the following: Yoga, guided and silent meditation, mindful walking and eating, mindful approaches to causes of stress. Group discussions and working on commonly stressful situations for secondary students will be included.

---

### **MINECRAFT CHALLENGE: Grades 3-6**

Instructor: Jason Baker

Location: Silver Spring Elementary

**Registration for this camp is \$55**

Are you a master builder and now you're ready for a real challenge? Each day you will be given a challenge to complete and see how your design stacks up against other students. Students will need to **bring their own device with Minecraft already installed** on the device to be part of the camp. No devices will be provided. There will be 2 challenges per day so students that were in the group last year can join again this year.

---

### **MINECRAFT CHALLENGE: Grades 6-9**

Instructor: Jason Baker

Location: Silver Spring Elementary

**Registration for this camp is \$55**

Are you a master builder and now you're ready for a real challenge? Each day you will be given a challenge to complete and see how your design stacks up against other students. Students will need to **bring their own device with Minecraft already installed** on the device to be part of the camp. No devices will be provided. There will be 2 challenges per day so students that were in the group last year can join again this year.

---

### **MYSTERY CAMP: Grades 1-3**

Instructor: Susan Deakin

Location: Shaul Elementary

**Registration for this camp is \$55**

A mystery is a magnet for young minds. In Mystery Camp, the children will use reading, writing, math, and science activities to solve various mysteries. There will be a primary mystery for the "detectives" to solve over the course of several days. As detectives, the children will observe, process information, and draw conclusions to solve the mystery.

---

### **PAINT TILL YOU FAINT: Grades 2-4**

Instructor: Sue Lutz

Location: Hampden Elementary Art Room

**Registration for this camp is \$55**

This one week art camp features learning about famous painters and creating exciting art projects designed to color your camper's world BEAUTIFUL! Campers will be exploring canvas painting, acrylics, tempera paint and watercolors, as well as using mixed-media, recycled, and found objects. They will discover their own artistic talents and preferences in art mediums. Some color and design theory as well as creativity breakout sessions will prove to make this camp fun as well as rewarding!

---

### **PAINT TILL YOU FAINT: Grades 5-8**

---

### **POETRY & SONGWRITING FOR CREATIVE MINDS: Grades 6-9**

Instructor: Carolyn Mills

Location: Eagle View Room 417

**Registration for this camp is \$55**

Have you ever eaten a poem? Mark Strand writes, "Ink runs from the corners of my mouth. There is no happiness like mine. I have been eating poetry." In this creative writing camp, students will create sidewalk chalk poetry, work in a small team to create their own poetry book, and then perform their open mic poetry reading at our very own Poetry Café all while mastering the art of eating a poem.

---

### **SAFARI STORY CAMP: Grades 1-3**

Instructor: Elizabeth Archer

Location: Green Ridge Library

**Registration for this camp is \$55**

Come join the Safari Story Camp. We'll read exciting jungle stories and explore the jungles of the world. Do you know that elephants can get sunburn! Camels can go for days without water! These and other amazing facts will astonish you. We'll make some jungle crafts and follow the jungle prints to great places. Don't miss the roaring, exciting stories.

### **SEWING CAMP: Grades 3-6**

Instructor: Jeremy Hayman

Location: Eagle View FACS Room

**Registration for this camp is \$55**

Students in sewing camp will learn about the parts of a sewing machine, how to thread it and how to maintain an appropriate pace of stitching by using a foot pedal. These newfound skills will then be part of the test to create useful items such as a reusable grocery bag, pillow case, or apron.

### **SPEECH CLINIC: Grades 6-12**

Instructor: Ann Pickering

Location: High School Room 266

**Registration for this camp is \$55**

Mrs. Pickering (CV's Speech and Debate Team coach) and Noah Lee (Extemporaneous Speech State Champ) will team up to introduce students to four styles of competitive speech: Commentary, Informational, Persuasive and Extemporaneous. Commentary and Extemporaneous Speech involve responding to a prompt related to current events or popular culture or history or politics.

Informational Speech is designed to educate an audience on a particular topic of the speaker's choosing. Persuasive Speech is designed to convince an audience of a point of view in relation to a topic of the speaker's choosing.

This summer's Speech Clinic (afternoon) and the Debate Clinic (morning) facilitated by Mr. Phillips are complementary as both clinics together introduce students to a range of events students would encounter at speech and debate tournaments. The clinics can be enrolled in separately or jointly. Both will provide enormous benefits in terms of gaining thinking and speaking skills and both will serve to introduce CV students to the world of Competitive Speech and Debate.

### **WRITING & ILLUSTRATION FOR CREATIVE MINDS: Grades 3-6**

Instructor: Carolyn Mills

Location: Eagle View Room 417

**Registration for this camp is \$55**

Shel Silverstein writes, "If you are a dreamer, come in." Do you enjoy imagining, writing, drawing, or painting? In this creative writing camp, students will go outside on a figurative language treasure hunt to gather ideas and then work in a team to artistically create and illustrate their own children's book while drawing or painting.
